WHO WE ARE

A trusted medical supplies manufacturer & exporter

Manshav Impex is an India-based **manufacturer of surgical blades and a global exporter of medical supplies**. Since **2019** we have supplied surgical consumables, gloves, gowns, disposables and healthcare products — under our own brand or our customers' private labels — to importers, distributors, hospitals and ministries worldwide.

Our promise is simple: quality-assured products, honest factory-direct pricing, and the certification & documentation international buyers require — with customized private-label packaging and consolidated container shipping from one single source.

Why Medical Buyers Choose Manshav

- **8 Core Medical Lines** — one verified partner.
- **Private Label & OEM** — custom packaging & artwork.
- **Factory-Direct Pricing** — no trading middlemen.
- **Certified Quality** — CE MDR & ISO 13485.
- **Order With Confidence** — LC, SGS inspection & samples.
- **Global Shipping** — sea containers, air & courier.

FLAGSHIP MANUFACTURED LINE

Surgical Blades & Scalpels

Our in-house manufactured flagship line. Ultra-sharp, individually VCI foil-wrapped and EO-sterile — produced strictly to ISO 7740 standards in surgical carbon and AISI 420 stainless steel. Diamond-honed single-bevel edge provides smooth, precise incisions with minimal tissue trauma.

Blades No. 10–24 | **Disposable Scalpels** | **Handles No. 3 & 4**

Carbon & Stainless | **47–52 HRC** | **Private Label from 1,000**

BLADE	PRIMARY USE	HANDLE
No. 10	General surgery, large incisions	No. 3
No. 11	Stab incisions, puncture, drainage	No. 3
No. 12	ENT, tonsillectomy, suture removal	No. 3
No. 15	Plastic, ophthalmic, dermatology	No. 3
No. 20	Orthopaedic, thoracic surgery	No. 4

BLADE	PRIMARY USE	HANDLE
No. 21	General abdominal, cardiovascular	No. 4
No. 22	Autopsy, deep abdominal tissue	No. 4
No. 23	Large surgical field incisions	No. 4
No. 24	Obstetrics & major surgeries	No. 4
Handles	Reusable Stainless Steel AISI 304	No. 3 & 4

Packaging: 1 blade/sterile VCI foil pack · 100 pcs/dispenser box · 100 boxes/master carton (10,000 pcs). **OEM & Private Label:** Custom blade sizes, private brand foil printing, barcode & outer carton design from 1,000 blades. Free samples available.

Ultra-Sharp Edge

Diamond-honed single bevel for smooth, precise cuts with zero tissue drag.

Consistent Hardness

Laser-verified geometry, 47–52 HRC, batch-tested to ISO 7740 blade after blade.

Low Private Label MOQ

Custom branded boxes and pouches from just 1,000 blades with full CE documentation.

Order sample packs. Test blade sharpness and edge retention in your operating theatre — combine with gloves, syringes and drapes in one consolidated container.

CORE EXPORT RANGE · 01 & 02

Surgical Gloves & Exam Gloves

1. Sterile Latex Surgical Gloves (Powdered & Powder-Free)

Pre-donned sterile natural rubber latex surgical gloves with curved anatomical fingers, micro-textured non-slip finish, and reinforced beaded cuff. Available in powdered and polymer-coated powder-free grades for micro and general surgery.

AQL 0.65 / 1.0 | CE MDR | US FDA 510(k) | ISO 13485 | EN 455 (1-4) | ASTM D3577 | HS 4015.11

MATERIAL & TYPE	High-Grade Natural Rubber Latex · Powdered (USP cornstarch) & Powder-Free
SIZES AVAILABLE	5.5, 6.0, 6.5, 7.0, 7.5, 8.0, 8.5, 9.0 (Curved anatomical left/right hand)
LENGTH & CUFF	≥ 285 mm extended cuff with rolled bead for roll-down prevention
STERILITY & BARRIER	EO Gas / Gamma (25 kGy) · Pinhole AQL 0.65/1.0 (exceeds EN 455 Level 1)
PACKING & MOQ	1 pair/sterile peel pouch · 50 pairs/box · 400 pairs/ctn | MOQ: 50,000 pairs

2. Medical Examination Gloves (Latex & Nitrile)

High-tensile ambidextrous examination barrier gloves in premium natural latex and 100% synthetic nitrile. Features micro-textured fingertips for excellent wet and dry instrument grip. Non-sterile diagnostic barrier for wards, labs and clinics.

AQL 1.5 | CE MDR | ISO 13485 | EN 455 Parts 1-4 | ASTM D6319 / D3578 | Food Contact | HS 4015.19

MATERIAL OPTIONS	Pure Natural Latex & 100% Synthetic Nitrile (Latex-Free, Hypoallergenic)
FINISH & TEXTURE	Powder-Free, Chlorinated / Polymer coated, Micro-textured fingertips
SIZES & FIT	Extra Small (XS), Small (S), Medium (M), Large (L), Extra Large (XL) · 240 mm
QUALITY LEVEL	AQL 1.5 Pinholes · Tensile strength ≥ 18 MPa · Chemotherapy tested (nitrile)
PACKING & MOQ	100 pcs/dispenser box · 10 boxes/carton (1,000 pcs/ctn) | MOQ: 100,000 pcs

Private Label & Custom Packaging: Inner wallet, peel pouch, dispenser box and master shipper printed with your brand artwork, barcodes and language. CE & ISO test certificates supplied with each batch.

WHATSAPP

Disposable Syringes & IV Cannula

3. Disposable Hypodermic Syringes (2-Part & 3-Part)

Single-use clinical syringes manufactured from ultra-clear medical-grade polypropylene. Features bold indelible black graduation markings, smooth silicone plunger lubrication, and positive plunger stop to prevent accidental pullout.

ISO 7886-1 | CE Marked | ISO 13485 | EO Sterile | Pyrogen-Free | Latex-Free Gasket | HS 9018.31

CAPACITIES	1ml (Insulin / Tuberculin), 2ml, 3ml, 5ml, 10ml, 20ml, 50ml / 60ml
CONSTRUCTION	2-Part (Economical PP plunger) & 3-Part (Synthetic rubber piston gasket)
TIP OPTIONS	Central / Eccentric Luer Slip & Threaded Luer Lock for secure needle fit
NEEDLE OPTIONS	With mounted/unmounted bevelled hypodermic needle (18G–30G) or without
PACKING & MOQ	Individual sterile blister / ribbon pouch · 100 pcs/box | MOQ: 100,000 pcs

4. IV Cannula / IV Catheter (with Port & Wings)

Precision peripheral intravenous cannula designed for smooth, trauma-free venipuncture. Built with sharp back-bevel surgical stainless steel needle, flexible kink-resistant radio-opaque catheter, and colour-coded one-way injection port.

ISO 10555-1/-5 | CE MDR | ISO 13485 | Color-Coded Gauges | Radio-Opaque | Flashback Chamber | HS 9018.39

GAUGES & COLORS	14G (Orange), 16G (Grey), 18G (Green), 20G (Pink), 22G (Blue), 24G (Yellow), 26G (Violet)
CATHETER MATERIAL	FEP (Fluorinated Ethylene Propylene) / PUR with radio-opaque stripes for X-ray
NEEDLE PROFILE	Siliconised triple-facet back-bevel AISI 304 stainless steel needle
FEATURES	One-way silicone valve port for extra medication; clear blood flashback chamber
PACKING & MOQ	1 pc/sterile hard blister pack · 50 pcs/box · 1,000 pcs/ctn | MOQ: 50,000 pcs

Hospital & Tender Standards: Full compliance with ISO 7886-1 and ISO 10555. Batch sterility records, biocompatibility dossiers, and OEM printing on blisters and outer dispenser boxes available.

WHATSAPP

IV Infusion Sets & Blood Tubes

5. IV Infusion Giving Set (Vented & Non-Vented)

Sterile clinical gravity infusion giving set for intravenous fluid, electrolyte and drug administration. Features clear flexible drip chamber, 15µm fluid filter to prevent particulate entry, kink-resistant tubing, and precision roller clamp.

ISO 8536-4 | CE MDR | ISO 13485 | DEHP-Free Options | EO Sterile | Precision Clamp | HS 9018.90

CONFIGURATION	Vented (hydrophobic bacterial air filter cap) & Non-Vented bottle pierce spike
DRIP CALIBRATION	Macro-Drip: 20 drops/ml (Adult standard) · Micro-Drip: 60 drops/ml (Paediatric)
TUBING & FILTER	150 cm soft kink-resistant medical PVC · 15 µm nylon disc fluid filter
INJECTION & TIP	Latex / Latex-Free self-sealing "Y" port or flashbulb · Luer Slip / Luer Lock
PACKING & MOQ	1 set/sterile PE pouch · 25 pcs/bag · 500 pcs/master carton | MOQ: 50,000 pcs

6. Vacuum Blood Collection Tubes (Evacuated Tubes)

Precision evacuated blood collection tubes for diagnostic pathology, haematology, clinical chemistry, coagulation and serology analysis. Strict international ISO 6710 color-coded safety caps with calibrated vacuum draw and leak-proof stoppers.

ISO 6710 | CE Marked | ISO 13485 | Calibrated Vacuum | Color-Coded Caps | PET / Glass | HS 3822.00

REAGENT FORMATS	EDTA K2/K3 (Lavender), Plain/Clot (Red), Gel & Clot SST (Yellow), Sodium Citrate 3.2% (Light Blue), Heparin (Green), Fluoride/Oxalate (Grey)
TUBE DIMENSIONS	13 × 75 mm, 13 × 100 mm, 16 × 100 mm · High-clarity shatterproof PET or Glass
DRAW VOLUMES	1.0 ml to 10.0 ml exact vacuum draw calibration (within ±10% tolerance)
ADDITIVES & INTERIOR	Micro-spray dried anticoagulant formulation; sterile interior to prevent hemolysis
PACKING & MOQ	100 pcs/foam rack · 12 racks/carton (1,200 pcs/master ctn) | MOQ: 100,000 pcs

Clinical Laboratory & Hospital Grade: Manufactured in cleanroom environments with full batch traceability. OEM customized rack printing, tube label design and barcodes supported.

WHATSAPP

Surgical Sutures & Disposables

7. Surgical Sutures (Absorbable & Non-Absorbable)

Sterile surgical sutures precision-swaged with laser-drilled AISI 300/400 surgical stainless steel needles. Delivers superior knot security, smooth tissue drag, minimal tissue reaction, and predictable tensile strength profiles.

USP / EP | CE MDR | ISO 13485 | Siliconised Needle | High Tensile Strength | EO / Gamma | HS 3006.10

ABSORBABLE RANGE	PGA (Polyglycolic Acid), PGLA (Polyglactin 910), PGCL (Poliglecaprone), PDS (Polydioxanone)
NON-ABSORBABLE	Braided Black Silk, Monofilament Nylon (Polyamide), Polypropylene, Polyester
SIZES & NEEDLES	USP 8-0 to USP 3 · Round Bodied, Reverse Cutting, Taper Point, Blunt Point (10–50mm)
NEEDLE QUALITY	Siliconised 300-series surgical grade stainless steel for smooth tissue pass
PACKING & MOQ	12 or 36 foil pouches/box · 50 boxes/carton (1,800 pcs/ctn) | MOQ: 10,000 pcs

8. Surgical Disposables (SMS Gowns, Drapes & Packs)

Single-use surgical gowns, drape sheets, surgical packs and apparel crafted from medical-grade SMS/SMMS non-woven fabric. Delivers exceptional hydrostatic head barrier against blood, bodily fluids and bacterial strike-through.

AAMI Level 3/4 | EN 13795 | CE MDR | ISO 13485 | Fluid Repellent | Low Linting | HS 6210.10

FABRIC & WEIGHT	Multi-layer SMS / SMMS Polypropylene fabric (35 GSM to 55 GSM breathable barrier)
GOWN STYLES	Standard Surgical Gown & Reinforced Impervious Gown (chest and sleeves)
PROTECTION LEVEL	AAMI PB70 Level 2, Level 3 and Level 4 critical zone liquid barrier
INCLUDES & FIT	Ultrasonic welded seams, knitted soft cuffs, 2 sterile absorbent hand towels, wrap sheet
PACKING & MOQ	1 pc/sterile peel pack · 25 or 50 pcs/carton | MOQ: 10,000 pcs

Custom Surgical Packs & OEM: Custom procedure drape packs (ortho, laparoscopy, ophthalmic, c-section) assembled to hospital specifications with CE / ISO compliance.

WHATSAPP

EASY TO ORDER, EASY TO IMPORT

Trade & Export Terms

Payment & Shipping

PAYMENT	30%–50% advance T/T, balance before dispatch / against BL copy
LARGE ORDERS	Irrevocable LC at sight from prime international banks
CURRENCY	USD (EUR / GBP / AED / INR accepted on request)
INCOTERMS	EXW · FOB · CIF · CFR · DAP worldwide
SEA PORTS	Mundra Port & Nhava Sheva (JNPT), India
AIR PORTS	Ahmedabad (AMD) & Mumbai (BOM) International

Packing, MOQ & Lead Time

SURGICAL BLADES	MOQ: 1,000 blades (Sample/OEM trial) · 10,000 pcs standard
GLOVES & CONSUMABLES	MOQ: 50,000 to 100,000 pcs (FCL/LCL consolidated)
FREE SAMPLES	Dispatched in 3–5 working days (Courier cost credited on order)
PRODUCTION TIME	2–4 weeks typical depending on order volume and artwork
DOCUMENTATION	Full export dossier turnaround within 24 hours
PRIVATE LABEL	Available across all 8 core medical lines

Export Documentation Provided

- Commercial Invoice & Packing List
- Bill of Lading (B/L) / Air Waybill (AWB)
- Certificate of Origin (COO / Form A)
- CE Declaration of Conformity
- ISO 13485:2016 Certificate
- Free Sale Certificate (FSC)
- Certificate of Analysis (COA) / Batch Release
- Fumigation Certificate

Accreditations & Quality Standards

- CE Mark (EU MDR)
- ISO 13485:2016
- ISO 7740 / ISO 7886
- WHO-GMP Aligned
- US FDA Registered
- FIEO Export Star
- Pharmexcil Member
- Cleanroom Production

Order with complete confidence. LC at sight accepted · third-party pre-shipment inspection (SGS / BV / Intertek) welcomed · free batch replacement guarantee · free sample evaluation before commercial commitment.

WHATSAPP

Dedicated Export Desk

A single dedicated export manager handles your RFQ, contracts, production schedule and shipping end-to-end.

Fast 24h Documentation

Complete regulatory and customs documents generated promptly so your consignment clears ports without delay.

Consolidated Shipments

Combine surgical blades, gloves, syringes, cannula, sutures and drapes in one single 20ft/40ft container.

GET IN TOUCH

Let's Build a Partnership

For commercial orders, tender participation, price schedules, free evaluation samples and private-label OEM manufacturing — our international trade team replies within 24 hours with complete FOB/CIF quotations.

1 Send your enquiry
Share your product list, specifications & destination port on WhatsApp or web.

2 Get quote & samples
Receive factory-direct quotation within 24 hours, plus free samples for clinical approval.

3 Production & shipping
Precision manufacturing, quality inspection, export docs & global delivery.
